## CekamonSaws Work Bench

Your employees achieve more

- Ergonomic design.
- Robust concrete table to reduce noise.
- Nailing tacker within reach (by a central arm and a spiral tube).
- Lighting with clear light directly at the work space
- One central connection for electricity and pressed air.
- The frame also serves as a buffer tank for compressed air.

**Option;**

- Two drawers for storing nails.
- Balancer for 4.5 – 9 kg or 2.5 - 5 kg.
- Little table for second tacker.

There are different ways to personalise your workbench. Cekamon Saws delivers custom made products.
